SmartTONG — AI Smart Waste Intelligence

Malaysian IoT Cleantech Scaleup Seeking Cross-Border Municipal Expansion in Vietnam

COMPANY & SOLUTION

Company: SmartTONG Technologies Sdn Bhd

Headquarters: Kuala Lumpur, Malaysia

Sector: Smart City / Cleantech / IoT Waste Logistics

Core Product: Ultrasonic fill-level sensors + real-time telematics platform cutting municipal truck miles by 22%

CAPABILITIES & NEEDS

Core Capabilities:

- Solar-powered ultrasonic IoT bin sensors
- Real-time GIS routing telematics dashboard
- Predictive waste compaction analytics

Operational Needs in Vietnam:

- Municipal waste concession pilot access

EXPANSION TARGET: VIETNAM (Ho Chi Minh City & Hanoi)

Target Markets: Vietnam (District 1 / District 3 HCMC, Hanoi municipal zones)

Partnership Goals: 30-day proof-of-concept pilot with local waste authority

Ideal Partner: Municipal waste board or commercial waste logistics fleet operator

Outcome Sought: Tri-party LOI and joint commercialization framework
